Application for Mineral Mine Plan Revision or Amendment

Operator: <u>C.E. BUTTERS REALTY & CONSTRUCTION</u>	
Mine Name: <u>TOWERS SAND & GRAVEL MINE</u>	File Number: <u>M/057 10006</u>

Provide a detailed listing of all changes to the mining and reclamation plan that will be required as a result of this change. Individually list all maps and drawings that are to be added, replaced, or removed from the plan. Include changes of the table of contents, section of the plan, pages, or other information as needed to specifically locate, identify and revise or amend the existing Mining and Reclamation Plan. Include page, section and drawing numbers as part of the description.

DIV. OF OIL, GAS & MINING

RE: division directive to amend towers Sand and Gravel - LMO M/057/0006 -dated August 15th, 2016

To whom it may concern

We have been manage the noxious weeds on our site for a number of years.

We have had individuals hand harvest dyer's woad, thistle and other noxious weeds by hand periodically for the last several years

During two of the last three years we have been applying 2,4-d at the rate of 2 ½ gallons per 10 acres in two test areas. This has not helped much as the adjacent fields to the west which have been graded for subdivisions have lain dormant and been weed infested for the last ten years.

We will however increase our efforts and annually apply 2,4-d at the rate of 2 ½ gallons per 10 acres on all infested areas of our pit. This will be done in early spring when it is most effective

This will however be of little benefit if action is not taken by local officials to impose similar requirements on the surrounding property Owners

Thank you,

Kevin Butters Mgr.
